

Dear colleagues!

We look forward to welcoming you at the annual **VII International Baltic Maritime Forum (the Forum)** which will be held on October 7-12, 2019 in Kaliningrad at the premises of Kaliningrad State Technical University.

The Forum is organized by Federal State Educational Institution of Higher Education “Kaliningrad State Technical University” – the major educational institution of the Russian fisheries, and supported by the Federal Agency for Fisheries and the Government of the Kaliningrad region.

The following conferences will be held in the framework of the Forum:

- XVII International scientific conference «Innovations in science, education and entrepreneurship- 2019»;
- VII International scientific conference «Marine technology and engineering. Safety of the marine industry»;
- VIII International research and practical conference «Food and marine biotechnology»;
- VI National scientific conference «Innovations in functional food technology»;
- V International scientific conference «Innovations in vocational, general and further education»;
- VII International scientific conference «Aquatic bioresources, aquaculture and ecology of water reservoirs»;
- V International scientific conference «Advanced technologies, machines and mechanisms in engineering and construction»;
- V International conference «Innovative enterprise-2019»;
- Conference «Academic readings of the International Higher Education Academy of Sciences- 2019»;
- Round-table discussion «Advanced technologies in transport»;
- The Baltic University Programme Conference.

Business part of the programme consists of a plenary session, conferences, workshops, expert sessions, round table discussions, and exhibition.

Registration fee is 2500 rubles, and includes a participant pack and publication in the online collection of articles included in Russian Science Citation Index (RSCI) research database.

Best reports on marine issues according to the decision of the Organizing Committees of the Forum will be published in a special issue of the journal «[Marine Intelligent Technologies](#)» included in the list of Higher Attestation Commission and the international reference database Web of Science, as well as in the relevant sections of «[KSTU news](#)», «[BFFSA news](#)» journals.

Official languages of the Forum are Russian and English.

Deadlines: registration– 20.09.2019; submission of papers– 15.07.2019.

If you want to participate in the Forum, you must fill in the application form on the website <http://bmf.klgtu.ru/>. Please note that application lead time is different for each participant.

More information about the Forum events can be found on KSTU website.
