Dear colleagues!

We invite you to take part in the annual *XI International Baltic Maritime Forum* that will be held in Kaliningrad on 25-30 September 2023 at the premises of Kaliningrad State Technical University.

The Forum is organized by FSEI HE «KSTU» - the largest higher educational institution of the fish industry in Russia and the main university of the educational and methodological association for education in fisheries. The XI International Baltic Maritime Forum is held with the support of the Federal Agency for Fisheries and the Government of the Kaliningrad Region. The forum is timed to coincide with the Decade of Science and Technology announced by the Decree of the President of the Russian Federation and is aimed at summarizing and disseminating achievements and results of modern science, as well as young people involvement in innovative activities and scientific and technical creativity.

MAJOR EVENTS:

-XXI National scientific conference with international participation «Innovations in science, education and entrepreneurship-2023»;

-XI National scientific conference with international participation «Marine technology and engineering. Safety of the marine industry»;
